Kodiak Gas Services, LLC Announces the Publication of its Inaugural Sustainability Report

MONTGOMERY, Texas – May 11, 2021 —Kodiak Gas Services, LLC (“Kodiak” or the “Company”) announced the publication of its inaugural Sustainability Report. Mickey McKee, President and CEO of Kodiak stated, “Kodiak was founded on a set of sustainability principles and has consistently done business according to these values. As the financial and oil & gas communities have embraced the ESG movement, we felt it was important to keep our stakeholders informed of our sustainability practices and our continuous efforts to improve in this area. We intend to be the contract compression provider of choice for those customers who are serious about improving and enhancing their own sustainability efforts.”

Jason Stewart, Executive Vice President of Corporate Development and head of Kodiak’s ESG Committee added, “This is an important step in Kodiak’s sustainability journey. We expect to make sustainability reporting a regularly recurring and increasingly transparent activity and look forward to sharing this information with all our stakeholders.”
